

PROPERTY MANAGEMENT

Our approach is to anticipate problems, repairs and maintenance based on our experience with medical properties.

LEASING

Successful medical properties always match the right tenant with the right facility. That's why we customize our marketing strategy to fit the needs of each individual building.

BROKERAGE

Our extensive contacts throughout the medical property and healthcare communities enable us to maximize return on investment for our clients.

DEVELOPMENT AND CONSTRUCTION MANAGEMENT

Whether you are developing a medical office building from the ground up or just renovating, our expertise in supervising the unique construction requirements can be critical to your success.

ASSET ADMINISTRATION

Because every building requires a unique strategy, we develop a financial plan with the owner's goals in mind.

FINANCIAL MANAGEMENT

We are experts at packaging the asset for presentation to the lending community to help our clients acquire loan funding.
